

# FMCSA Correlation Study Public Meeting: Data Quality and Sources

August 29, 2018, 9:00 a.m.-12:00 p.m.  
FMCSA National Training Center

## Agenda

U.S. Department of Transportation  
Federal Motor Carrier Safety Administration

**9:00-9:15 AM** Welcome

**9:15-9:30 AM** Meeting Objectives and Background

**9:30-11:30 AM** Review of NAS Recommendations, FMCSA Corrective Actions, and Opportunities for Questions and Answers

- Collaborate with States to improve the quality of the Motor Carrier Management Information System (MCMIS) data in support of the Safety Measurement System (SMS), focusing on carrier exposure and crash data. (Recommendation #2)
- Collect additional data that could potentially benefit the recommended methodology for safety assessment. (Recommendation #3)
- Provide external parties, such as researchers and carriers, with a version of the data file and computer code used to compute SMS that is both user-friendly and free of personally identifiable information. (Recommendation #4)

**11:30 AM-12:00 PM** Public Comments

**Barbara Baker, Compliance Division**

Phone: 202-366-3397
